

LOCTITE PC 7211 A&B KIT EPOXI

Referencia: 2146058
 EAN-13: 4058093007402
 Marca: LOCTITE

Capacidad: 1 kg

Descripción general

LOCTITE® PC 7211 is a light brown, 2-part, heat cured, toughened industrial epoxy resin and adhesive kit. It can be used as a matrix resin in combination with LOCTITE PC 5085, a multi-axial, multi-ply fabric, for a FRP composite. It can be used to repair damaged and corroded parts where high strength is required, together with corrosion protection and chemical resistance. To view Technical Information for these products, please go to the pages for LOCTITE PC 7211 and LOCTITE PC 5085.
