

## BONDERITE C-IC AL-86 DESENGRASANTE ÁCIDO

Referencia: 38824
   
 EAN-13:
   
 Marca: BONDERITE

Capacidad: 56 kg

### Descripción general

BONDERITE® C-IC AL-86 (NOVACLEAN AL 86) is an acidic metal pre-treatment liquid specially developed for degreasing aluminum and its alloys. It is applied by immersion prior to anodizing or conversion coating. It has been formulated for intense, low temperature degreasing of oils and polishing pastes. It does not attack metal. Its acidic nature allows simultaneous degreasing and deoxidizing.

Specially developed for degreasing aluminum and its alloys

Applied by immersion prior to anodizing or conversion coating

Formulated for intense, low temperature degreasing of oils and polishing pastes

Does not attack metal
