

PRO Cutting Die Set, M6, M8, M10, M12

Referencia: 2608001200
 EAN-13: 4059952730325
 Marca: Bosch

- Long Life cutting stainless-steel and soft-metal threaded rods
- El material metálico endurecido garantiza resistencia y durabilidad en aplicaciones exigentes.
- . Designed for cutting threaded rods

Descripción general

Descripción

Cutting threaded rods with a tool made for the job helps keep the threads intact. This means you don't need to smoothen out burrs and rough edges at the cut end. The PRO Cutting Dies are hardwearing replacement dies for the GGC 18V-12 Threaded Rod Cutter, the tool we designed for cutting threaded rods with precision and ease. The PRO Cutting Dies are made from hardened metal to ensure they are strong and produce reliable, high-quality threads for hundreds of cuts. The dies have 4 sharp cutting edges allowing you to cut stainless steel and soft metal threaded rods in 4 different diameters: M6, M8, M10, and M12.
